13th week

DISEASE OUTBREAKS OF 13th WEEK 2020 (23rd to 29th March 2020)

COVID-19

During 12th week (week ending 22nd March) a total of 390 cases and 7 deaths of COVID-19 were reported from 13 States. And in present week ie 13th week (29th March 2020) a total of 983 cases and 26 deaths of COVID-19 were reported from 27 Districts across India. Since COVID-19 cases and deaths are being reported across the country and the outbreak is continuous and ongoing. A special surveillance portal is dedicated for COVID-19 surveillance activity and is managed and monitored by Ministry of Health and Family Welfare. The States have been reporting COVID-19 cases and deaths on a real-time basis and the same is being updated on the website of Ministry of Health and Family Welfare. This is made available on public domain and can be accessed through https://www.mohfw.gov.in/ and any information regarding outbreaks related to COVID-19 can be accessed through above site.
